## CLAUSES INCORPORATED BY FULL TEXT

## 52.000-4002 CONTRACTOR MANPOWER REPORTING (Oct 2005)

(a) Scope. The following sets forth contractual requirements, and related policies and procedures, for reporting of contractor labor work year equivalents (also called Contractor Man-year Equivalents (CMEs)) in support of the Army, pursuant to 10 U.S.C. 129a, 10 U.S.C. 2461(g), and Section 343 of Public Law 106-65. Reporting shall be accomplished electronically by direct contractor submission to a secure Army Web Site:

<https://contractormanpower.army.pentagon.mil/>.

(b) Purpose. The purpose of this reporting requirement is to respond to Congressional requests; significantly improve reports to Congress and to internal Army manpower and force management planners and decisionmakers; and, to broadly quantify the extent of CMEs used to support Army operations and management under the Federal Supply Class and Service Codes for "Research and Development: and "Other Services and Construction." The Army's objective is to collect as much significant CME data as possible to allow accurate reporting to Congress and for Army planning purposes. The reporting data elements should not be viewed as an "all or nothing" requirement. Even partial reporting, e.g. direct labor hours, appropriation data, place of performance, Army customer, etc., will be helpful.

(c) Applicability. This reporting requirement applies only to services covered by Federal Supply Class or Service codes for "Research and Development," and "Other Services and Construction." If the contractor is uncertain of the coding of the services performed under this contract/order, or the scope and frequency of reporting, guidance may be obtained from the Army Web Site Help Desk, other HQDA contacts cited at the Web Site, or from the contracting officer. Classified contract actions are not, per se, exempt from this requirement. Report submissions shall not contain classified information.

(d) Requirements. The contractor is required to report the following contractor manpower information, associated with performance of this contract action in support of Army requirements, to the Office, Assistant Secretary of the Army (Manpower and Reserve Affairs), using the secure Army data collection web-site at <https://contractormanpower.army.pentagon.mil/>:

(1) Direct Labor. Direct labor hours and the value of those hours;

(2) Indirect Labor. Composite indirect labor hours associated with the reported direct hours, and the value of those indirect labor hours plus compensation related costs for direct labor hours ordinarily included in the indirect pools; or two distinct, relevant annual composite or average indirect labor rates. If used in lieu of raw indirect labor hours and the value of those indirect hours, the rates may be annualized average estimates for the reporting contractor and need not be developed for each reporting period.

(i) Composite Indirect Rate for Indirect Manhours. If provided, the composite indirect labor rate will be used to grossly estimate the number of indirect hours associated with services reported in each period, when multiplied by the reported direct labor hours.

(ii) Composite Indirect Rate of Compensation Value. If provided, a different composite indirect labor rate will be used to grossly estimate the value of compensation related charges not included in the value of direct labor charges, when multiplied by the reported direct labor value. This rate shall include: salaries and wages for indirect labor hours; directors'

fees; bonuses (including stock); incentive awards; employee stock options; stock appreciation rights; employee insurance, fringe benefits (e.g., vacation, sick leave, holidays, military leave, supplemental unemployment benefit plans); contributions to pension plans (defined benefit, defined contribution); other post-retirement benefits, annuity, and employee incentive compensation and deferred compensation plans; early retirement plans; off-site pay; incentive pay; hardship pay; severance pay/ and COLA differential;

(iii) Actual Estimated Indirect Labor Hours and Value(s). Contractors may choose to report estimated total hours and dollars for indirect labor (related to the reported direct labor) and compensation charges not reported as direct labor charges (as opposed to providing average composite rates.) Either method chosen should be consistently reported.

(e) Report Exemption(s). In the rare event the contractor is unable to comply with these reporting requirement without creating a whole new cost allocation system or system of record (such as a payroll accounting system), or due to similar insurmountable practical or economic reasons, the contractor may claim an exemption to at least a portion of the reporting requirement by certifying in writing to the contracting officer the clear underlying reason(s) for exemption from the specified report data elements, and further certifying that they do not otherwise have to provide the exempted information, in any form, to the United States Government. This certification is subject to audit and potential legal action under Title 18, United States Code. The contractor may not claim an exemption on the sole basis that they are a foreign contractor; that services are provided pursuant to a firm fixed price or time and materials contract or similar instrument; or on the basis that they have sub-contracted their payroll system, or have too many subcontractors. If the contracting officer, by written notice, determines that the "self-exemption" is lacking in basis or credibility, the contractor shall comply with the subsequent direction of the contracting officer, whose decision is final in this matter.

(f) Uses and Safeguarding of Information. The information submitted will be treated as contractor proprietary information when associated with a contractor name or contract number. The Assistant Secretary of the Army (Manpower and Reserve Affairs) will oversee the aggregation of this information and will exclude contract number and contractor name from any use of this data (except as necessary for internal Army verification and validation measures). The planning factor(s) derived from this data by ASA (M&RA) and its contract support (if any) will be used solely for Army manpower purposes and will not be applied to any specific acquisition(s). Detailed data by contract number and name will not be released to any Governmental entity other than ASA (M&RA), except for purposes of assessing compliance with the reporting requirement itself, and will only be used for the stated purposes (reporting and planning). Any potentially sensitive data released within the Army or to its contractor will be clearly marked as contractor Proprietary. Non-sensitive roll-up information may eventually be published for public inspection after such data has been validated as deemed appropriate.

(g) Sub-Contractor(s). The contractor shall ensure that all reportable sub-contractor data is timely reported to the data collection web site (citing this contract/order number). At the discretion of the prime contractor, this reporting may be done directly by subcontractors to the data collection site; or by the prime contractor after consolidating and rationalizing all significant data from their sub-contractors.

(h) Report schedule. The contractor is required to report the required information to the Office of the Assistant Secretary of the Army (Manpower and Reserve Affairs) data collection web site generally contemporaneous with submission of a request for payment (for example, voucher, invoice, or request for progress payment), but not less frequently than quarterly, retroactive to October 1, 1999, or the start of the contract/order, whichever is later. Deviation from this schedule requires approval of the contracting officer.

(i) Reporting format. The information required should be reported electronically to the M&RA data collection point, at <https://contractormanpower.army.pentagon.mil/>. This web site identifies and explains all the mandatory data elements and format required to assure reliable and consistent collection of the data required by law, and includes, but is not limited to, identification of the information collected pursuant to Sec. 668.2(d)(1) and (2) as related:

(1) Reporting to congress or Army Leadership. Data elements required for reports to Congress and Army manpower planning, such as: the applicable federal supply class or service code, appropriated data (and estimated value for each appropriation where more than one appropriation funds a contract), major Army organizational element receiving or reviewing the work, and place of performance/theater of operation where contractor performs the work.

(2) Data Credibility. Data elements required for purposes of assuring credible and consistent reporting and general compliance with the reporting requirement, such as: beginning and ending dates for reporting period; contract number (including task or delivery order number); name and address of contracting office; name, address and point of contact for contractor; and total estimated value of contract.

(j) Reporting Flexibility. Contractors are encouraged to communicate with the help desk identified at the data collection web site to resolve reporting difficulties. The web site reporting pages include a "Remarks" field to accommodate non-standard data entries if needed to facilitate simplified reporting and to minimize reporting burdens arising out of unique circumstances. For example, contractors may use the remarks field to identify multiple delivery orders associated with a single data submission or record, so long as the contract number, federal supply or service code, major Army organizational element receiving or reviewing the work, and contracting office are the same for the reporting period for that set of delivery orders, rather than entering a separate data submission or record for each individual delivery order. Subcontract data may also be consolidated in a single report for a report period. Other changes to facilitate reporting may be authorized by the contracting officer or the Help Desk (under Army policy direction and oversight).

The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer--Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer--Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 3701, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) Order of precedence. (t) Central Contractor Registration (CCR). (1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423 or 269-961-5757.

(End of clause)

(a) The Contractor shall comply with the following Federal Acquisition Regulation (FAR) clauses, which are incorporated in this contract by reference, to implement provisions of law or Executive orders applicable to acquisitions of commercial items:

(1) 52.233-3, Protest After Award (AUG 1996) (31 U.S.C. 3553).

(2) 52.233-4, Applicable Law for Breach of Contract Claim (OCT 2004) (Pub. L. 108-77, 108-78).
